— DEDICATION —

This year's Town Report is dedicated to Mary R. Gray and Charlene S. Comstock, two women who have retired after giving Charlestown a combined total of over thirty-six years of service. They have helped the Town make a smooth transition from a small rural community to a contemporary Town.

We will miss the cheerful and friendly manner in which they served the public.

TOWN MEETING
CHARLESTOWN, NEW HAMPSHIRE
MARCH 13, 1990

To the inhabitants of the Town of Charlestown, New Hampshire who are qualified to vote in Town affairs.

Take notice and be warned that the Annual Town Meeting of the Town of Charlestown, New Hampshire will be held at the Charlestown Elementary School Gymnasium in Charlestown, on Tuesday, March 13, 1990 at 10:00 A.M..

(The polls will open at 10:00 A.M. and close at 7:00 P.M. to vote on Articles 1, 2 and 3. All other articles will be presented, discussed and acted upon at the business meeting beginning at 7:00 P.M.).

The Meeting was called to order at exactly 10:00 A.M. by the Assistant Moderator, Patricia J. Royce, followed by the reading of the Warrant in full. At the completion of the reading, she announced that the Absentee Ballots would be cast at 4:00 P.M.. Casting of the Military Absentee Ballots would take place at 5:00 P.M.. The polls were declared open at 10:16 A.M. for Balloting on Articles 1, 2 and 3; and the Ballot for Members of the Fall Mountain Regional School District.

Charles L. Child, Moderator, cast the Absentee Ballots, starting at 4:00 P.M. and ending at 4:18 P.M.. No Military Ballots were cast.

The Moderator called the meeting to order at 7:05 P.M. and declared the polls closed at 7:11 P.M.. This was followed by his announcement of the procedure to be followed during the Meeting, which reads as follows:

1. Members of the audience not registered to vote, please sit on the back bleachers to my left. Voters please take seat on the main floor or in the south bleachers. Any voters wishing to challenge another voter, please speak to one of the tellers or to the Town Clerk, Debra Clark.
2. After voting is completed and the polls are declared closed, I have appointed an Assistant Moderator, Patricia Royce, in charge of counting ballots, with the ballot clerks, and one supervisor to count on stage. When a ballot vote is required, I will call the ballot clerks and supervisor back to the floor to accomplish that task.
3. If this meeting should recess to another evening, no action on articles already acted upon will be reconsidered on the succeeding evening.

4. All motions on articles will be made in writing. The Moderator will recognize only a positive statement motion, so that a yes vote will be in favor and a no vote against the idea expressed in the motion.
5. Persons wishing to have a ballot vote should request that in writing, with five or more signatures of registered voters, at the beginning of the meeting to the Town Clerk.
6. All persons wishing a chance to speak to the motion will please sign up in advance of the article or articles by either-
 - a. Speaking to the Town Clerk in charge, or
 - b. Writing your name and article(s) you wish to speak to on a slip of paper and giving it to one of the six tellers who will in turn give it to the Town Clerk to prepare for me. The tellers have slips of paper for this use. Please sign up for those specific articles you plan to speak to.

After the people who have signed up speak (and you may chose not to speak even if you have signed up), the floor will then be opened for further discussion.

The Moderator will, however, recognize at this time a motion to call for the question and a 2/3 vote at that time will stop debate and bring a vote on main motion.

A further suggestion was made by the Moderator that each speaker speak clearly, concisely, and try to keep their speaking to a minimum, although there would be no time limit set.

Patricia Royce, Assistant Moderator, collected the ballot boxes at 7:13 P.M.

The Library welcomed two new staff members in 1990. Luella Demars fills the position of Assistant Librarian, while Lisa Page is our new aid. Through hard work and the patience of our patrons, they have come to be assets to the Library and a great help to me, as is all the staff.

History has proven that Libraries are used more during economically depressed times. Once again history is proving itself with the addition of 259 new patrons and circulation up by 3,000 items over last year. It's nice to see new faces, as well as those who have been long time supporters.

The people of Charlestown have been very generous by way of books, magazines and gifts that have come to the Library. A very heartfelt thanks goes out to all those who have been so thoughtful including the Friends of the Library, The Garden Club, Mr. & Mrs. Savi, Mr. Rahbany, Mr. Kelleher, Mrs. Richmond, Ducks Unlimited, Mrs. Carr and Mr. Sauchuk.

Highlighting this year's efforts to involve, as well as recognize our community, the Library has donated to it a new planter for its tree, through the efforts of the Friends of the Library. Later in the year the Library was honored to be granted permission to display the watercolors of Gerarde Doucette, a very talented resident artist. And lastly, through the generosity of Mr. Sauchuk the Library was able to celebrate the season through his gift of our Christmas tree, for which the school children were invited to make ornaments.

The Library continues in its efforts to serve the people of Charlestown to the best of its ability. However, we know that without the thoughts, patronage and participation of this community, the Library is little more than a storehouse of books. We welcome your input and seek your talents. We are nothing without you! Stop in and browse sometime, you're always welcome.

Lois H. Cook
Head Librarian

REPORT OF THE TRUSTEES OF SILSBY FREE LIBRARY

In March of 1990, Nona Bruce resigned as Trustee. This paved the way for an odd number on the Board and thus met the State requirements. Being The Year of the Library Trustee, the New Hampshire Library Trustees Association presented Nona with a certificate of recognition for ten years of service as a Trustee.

Another resignation in June was that of Joanne Savoie. Ken Arkell, who ran for the position in March, was appointed to fill out the year.

The Library was a focal point on Old Home Day with many activities taking place, including an open house. The Friends of the Library helped with this and their cooperation with the summer reading program, book sales, and other activities throughout the year has been appreciated.

The preservation of valuable materials and books continues to be a concern. This involves more than simple air conditioning and the Trustees continue to investigate all aspects of this. Phase one includes the installation of an attic fan which will be in place by Spring. I would like to express thanks to Eloise Savi for her participation on this.

The Trustees have been concerned with literacy in the area. A Literacy Theater was held in September to acquaint the community with the needs. We have been working with the State Literacy Coordinator and the Literacy Program Director for our area. The program needs interested persons to become instructors and if anyone would like to help with this, you may contact Jan MacDonald who has organized this project. In connection with this, a book will be placed in the Library and dedicated to each Newborn in the Town.

I would like to express, on behalf of the Board, our gratitude to the Library Staff and to each one who has contributed books, money, or time to the Library. Your support of the Library is appreciated as it is you who has helped to make our Library the excellent place that it is.

Robert E. Esdon, Chairman
Board of Trustees

REPORT OF THE CONSERVATION COMMISSION

Because development has slowed down somewhat, the Conservation Commission has not had as many Dredge and Fill applications to review, but other activities have kept us busy. We have worked with Bob Chamberlain (who is the local representative for the Trust for NH Lands), to prepare an application for matching funds to buy conservation easements on approximately 800 acres of land adjacent to Hubbard State Forest. These easements would protect the land from development and mining, but would allow the owners to farm, manage forests and use the land in any other way that they wish. The application has been made and we will know the results sometime in 1991. The landowners involved in this application wish to preserve natural areas and prime farmland. We are grateful for their concern for future generations.

Our local Green-Up Day was supported by the 4H groups and the Scouts who so faithfully clean up our roadsides each Spring. The Scouts met later at the recycling trailers at the Transfer Station to learn what Charlestown recycles and how recycled materials are handled.

Recycling became our main focus this Spring when many volunteers joined us to study ways to reduce solid waste and increase the Town's recycling efforts. We visited other towns to find out how their recycling centers operated. Volunteers here in Charlestown who had the time and energy, helped sort materials at the recycling trailers. Pam Manley and Ron LeClair have set up a system for sorting which has worked well and gradually more and more Townspeople are recycling their glass, newspapers, plastics and aluminum.

THE RECYCLING REPORT

In the first 9 months of 1990 Charlestown has recycled over 35 tons of glass and 26 tons of newspaper. We have no tonnage figures for aluminum and plastics, but there has been a significant pay back to the Town for the aluminum recycled and some pay back for glass. In addition, all scrap metal and tires are kept in separate piles. There is a container for motor oil next to the Transfer Station and an open trailer for construction scrap such as sheetrock and shingles. These items must be separated and are not allowed in the solid waste compactor.

The importance of recycling cannot be overstated. It cuts down the cost of our waste disposal. It preserves our resources. It saves energy costs in the manufacture of products from these recycled materials.

However, the recycling concept goes further than simply using your local recycling facility. It includes buying items that can be re-used, rather than disposable products. It means avoiding excessive packaging. Finally, it means buying, when possible, products made from recycled materials, which range from paper towels to plastic lumber.

A recycling committee of interested citizens was started by the Conservation Commission. Committee members have helped start recycling programs in local schools, encouraged offices to use recycled paper, worked to get informative signs at the Transfer Station and have volunteered to help sort recyclables there. The committee is working with the Selectmen and Town employees to set up a viable plan for Charlestown's recycling future.

Each resident of Charlestown can make an important recycling contribution. Items may be brought to the recycling facility at any time that the Transfer Station is open. No sticker is needed.

Items presently being accepted are:

- Newspapers, including inserts. They must be dry.
- Glass bottles, clear, green or brown (no other kinds of glass).
- Plastic jugs (milk, juice, cider, water).
- Plastic soda bottles, clear or green.
- Detergent bottles.
- Aluminum beverage cans.

We do ask that all items be reasonable clean and that caps be removed from all bottles and jars. It helps if plastic milk jugs ect. are flattened so that they take up less space in the barrels.

In conclusion, thank you to all those who have volunteered their efforts to promote recycling in Charlestown, to the dedicated Transfer Station employees, to the Selectmen and to all Residents who chose to recycle in 1990. Any interested residents are welcome to join the committee which meets once a month with the Conservation Commission from 7 to 8 P.M. on the 4th Monday of each month.

ALTERNATIVES FOR DRY BRIDGE

1. Leave the bridge closed as it is now and do nothing. The bridge will continue to deteriorate and eventually will have to be removed. The only current cost would be to maintain effective barricades.
2. Allow pedestrian and bicycle traffic only. This could continue for several years until the bridge deteriorates and can no longer support the deck loads and pedestrian loading of 85-100 lbs/sq.ft. The current costs would include erecting semi-permanent barricades to vehicles and guardrail safety repairs - not more than \$10,000.
3. Remove the bridge and abutments and erect guardrails to block the roadway. There would be some salvage value in the center deck span and abutment stones. The former could possibly be used for a stream crossing on a local road. This work would cost about \$30,000 - \$35,000.
4. Remove the existing bridge and erect a new 6 foot wide pedestrian bridge. The total cost of such a project would be about \$100,000.
5. Repair the bridge and abutments - in accordance with the State's Recommendations in 1987. We would recommend replacement of the left and right span stringers as they have deteriorated considerably in the past year (the underlying reason for closing the bridge). The center span and approaches would be left essentially as is.
The bridge could feasibly be brought up to a 10 ton rating by these repairs. We estimate that these costs would be \$120,000 - \$150,000. The State would not participate.
6. Partially reconstruct the bridge by -
removing and replacing both end spans which are heavily rusted and becoming structurally deficient, and not capable of supporting the 6 ton limit. End spans would be replaced with new steel stringers and a concrete deck designed for a 10 ton capacity. Existing abutments would be removed and replaced with reinforced concrete abutments.
Roadway reconstruction, regrading and paving the approach to the bridge.

The estimated construction cost would be \$180,000. The State would not participate.

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Selectmen:

We have audited the accompanying general purpose financial statements of the Town of Charlestown and the combining and individual fund financial statements of the Town as of and for the year ended December 31, 1989, as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Charlestown at December 31, 1989, and the results of its operations and the changes in financial position of its non-expendable trust funds for the year then ended, in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the Town at December 31, 1989, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles.

REPORT OF THE POLICE DEPARTMENT

1990 was an active year for the Police Department. There were 102 Arrests for various Criminal Acts and Motor Vehicle violations, up 23 from 1989. Criminal investigations by the Department numbered 153, with a 21 case increase over 1989. 26 Juvenile cases were cleared by the Department. Listed below are some facts that may be of interest:

Incoming phone calls	9,912
Outgoing phone calls	3,221
Police Department walk-ins	5,911
Dispatched Units (Cruisers)	4,120
Dispatched Ambulances	266
Tow Trucks Dispatches	133
Special Alarms (Banks, Fort #4, Schools, etc.)	2,367
Motor Vehicle stops	1,729

Included in the 102 Arrests for 1990, 21 persons were arrested for Driving While Intoxicated, and 20 were arrested for Operating under Suspension/Revocation, which tells us that routine patrols are working to keep the highways safe for the residents of Charlestown.

Respectfully,
Frederick J. Domini
Chief of Police

REPORT OF THE MEETING WATERS YMCA

Dear Voters of Charlestown:

Meeting Waters Regional YMCA once again requests the amount of \$1,000 towards camperships for needy youth from Charlestown. Each year we put \$1,000 into the camp scholarship program for children from the Town of Charlestown. Last year 19 youths from the Town of Charlestown attended Lewis YMCA Day Camp and seven of these children attended on full or partial scholarship. Our main focus this year is to expand our youth services. We will continue to offer top quality youth programs, and this special appropriation of \$1,000 will allow us to do so. We would like to thank the voters of Charlestown for their continued support.

Sincerely,
Sheila A. Lockwood
Program Director

REPORT OF THE RECREATION COMMITTEE

1990 was an exceptional year for recreation. Despite being level funded at Town Meeting, we were able to continue with all of the programs from the year before. With a great many donations of time and civic pride, the cost of recreation came in almost 10% under Budget. We also increased our income that is turned back to the General Fund. The actual total cost of running the Recreation Department was just under \$30,000.

Soccer has the biggest participation of any of our programs. Children can play at 5 years of age thru 14. Over 200 children played this year. There is also a Men's League team in Charlestown, but it is not funded by the Town.

Baseball has a wide range of ages, starting with T-Ball thru Babe Ruth. 150 children played in the Charlestown Youth Baseball Organization.

Basketball is starting to grow again. There was a time that the Youth Basketball program had fallen apart. I am glad to say that under the Recreation Director Mike White basketball in Charlestown is back in quantity and quality.

We look forward to better teams in all three sports at Fall Mountain in the near future.

The Swimming Pool continues to be the major expense of the Recreation Department, but the return is immense. 90 children participated on the Swim Team. The long hot summer provided a welcome relief for over 100 visitors per day. Over 100 children participated in swim lessons. The Pool staff did a spectacular job on maintenance and programs. A special thanks to Manager Scott Bushway who made our job a lot easier.

1990 had an Old Home Day Celebration and the Recreation Department sponsored the Old Timer's Basketball game, free use of the Pool and picnicking at Patch Park. Unfortunately, the rain dampened the Flea Market and slowed down a lot of the activities.

The Charlestown Winter Carnival continues to grow every year. In January 1991 we had our eighth annual event. Everyone who participated in the Broom Hockey, Sledding contest, Sleigh Rides, Snow Sculptures and Dance spoke very highly of the Weekend.

1991 will be another challenge for the Recreation Dept. We have to maintain our programs so that our youth will have structured activities to occupy their leisure time, while not structuring it too much that it is not FUN. Maintenance at Patch Park is a major concern as the River is eroding the Picnic area away. Pool maintenance is also a concern as it grows closer to 20 years old. Lawn mowing is still another issue.

I would like to thank the members of the Recreation Board: Bill Smith, Cathy Fischer, Peter Weld, Stacey Putnam, Mary T. Lester, Bud von Ahnen and Roxanne Bates for their dedication.

Victor R. St. Pierre, Chairman

REPORT OF THE RECREATION DIRECTOR

The year of 1990 was very busy and successful for all the Recreation Programs.

The Basketball programs had over 80 boys and girls participating from 3rd grade to 6th grade. Both groups played a lot of games and participated in several tournaments. The girls team won the Hanover tournament, the boys team the Westminster tournament.

The Baseball and Softball programs had over 100 children, ranging from 5 and 6 year olds. There were 2 softball teams, 4 Little League teams, 3 minor league and 1 Babe Ruth Team.

Soccer again had the most participants with over 200 children playing in age groups of 5 and 6, 7 and 8 and 9 to 11 years.

The year went very smoothly with very few problems, thanks to the coaches and parents who helped with the programs.

I am looking forward to 1991 being even busier and am looking forward to working with a Recreation Committee that is very active and helpful.

If anyone has any ideas to improve the programs or has any new programs they would like to have looked into, please let either the Recreation Committee or me know about it.

Michael White

Recreation Director

REPORT OF THE PLANNING BOARD

The Planning Board reviewed approximately twenty-one site plans and nineteen subdivisions. Most subdivisions were under five lots, but the Dwyer subdivision in North Charlestown received conditional approval for fifty-one lots.

In addition, the Board reviewed sign applications, lot line adjustments and requests to place additional dwellings for close relatives on lots.

The early part of the year was spent revising the Subdivision Regulations. In addition to minor changes to clarify vague language the Board, in conjunction with the Highway Advisory Board, expanded and improved the requirements for road and utility construction.

In the second half of the year the Board developed Gravel Pit Regulations in accordance with the new regulations. Since they were completed, the Board reviewed and approved an application for a small operation.

The Board and its Administrator would like to take this time to thank Irmgard Blish who has done an excellent job of ensuring that notices are delivered in a timely manner, minutes are distributed, and for efficiently handling all the paper work that makes the Board's life easier.

REPORT OF THE AMBULANCE SERVICE

The Year of 1990 proved to be another busy year with 230 Ambulance calls. Both of the Ambulances have performed very well, due in part to a very finely tuned Maintenance program, overseen by the full-time Police Officers/EMT's.

The members of the service are the finest group that I have had the privilege to work with. They have put in many hours of Patient care, continuing education, and upgrading those skills that are vital to any Ambulance Service. Each member has at one time or another during the year been placed in very stressful situations, demanding that they perform at their maximum levels. I want to thank them all for their professionalism, dedication and their continued desire to serve the Town in the manner that they do. No one could ask or expect more.

The Police Department has throughout the year handled the dispatching of Ambulance crews and as usual, they have been nothing but the best. The role of an emergency service dispatcher is complex. It requires specialized skills that are often unappreciated, or at best misperceived. It is time that the respect owing this group be shown. The ambulance service wants them to know that we appreciate all that they do in guiding us to the scene of those who need emergency medical care.

One of our members, Officer Bob Davis, had to leave suddenly with the 744th Transportation Co. which we expect will serve in Saudi Arabia with "Operation Desert Shield". Our thoughts are with Bob's Family and we pray for his safe return.

Respectfully,
Edward Ricker, Director

CHARLESTOWN MEDICAL BUILDING ASSOCIATION, INC.

The Medical Building and grounds have looked wonderful this year. The lawn and shrubs are being treated and maintained on a regular basis. The rhododendrons in front of the signs add a special delight to the appearance of the property.

The south side of the building has been painted. A new trash bin has been built of pressure-treated wood, which will be painted in 1991.

The unsightly metal storage building has been removed from the back of the building. Many thanks to the "Cemetery Crew" for coming to our aid on that project. A new and more appropriate storage area has been installed.

It has taken many months of negotiation, but we finally have a 10-year lease signed with the Nurses Assoc. The rental fee will be re-negotiated each year. At this writing we are awaiting the signing of the 1991 rental fee appendix.

Respectfully submitted,
(Sarah) Beth Angers
Chairman

HOME HEALTH CARE AND COMMUNITY SERVICES, INC.

January 1, 1990 to December 31, 1990

In 1990, Home Health Care and Community Services continued to provide home care and community services to the residents of Charlestown. The following information represents a projection of Home Health Care and Community Services' activities in your community in 1990. The projection is based on actual services provided from Jan. through September 1990, and an estimate of usage during October, November and December.

Service Report

<u>Services Offered</u>	<u>Services Provided</u>	<u>Services Supported</u> <u>Partially or Totally</u> <u>BY The Town</u>

Health Promotion Clinics	13 Hours	13 Hours
Child Health Program	50 Children	50 Children

Total Unduplicated Residents Served: 377

In addition to the above listed activities, regularly scheduled blood pressure clinics, child health clinics, telephone consultations were made available to your residents throughout the year. Town funding, in part, supported these additional services.

FINANCIAL REPORT

The actual cost of all services provided in 1990 with all funding sources is projected to be \$124,566.00

These services have been supported to the greatest extent possible by Medicare, Medicaid, other insurances, grants and patient fees. Services that were not covered by other funding have been supported by your town.

For 1991, we recommend an appropriation of \$24,500.00 to continue home care services at the current level.

Thank you for your consideration.

REPORT OF SULLIVAN COUNTY HOSPICE, INC.

Sullivan County Hospice, Inc., in its 5th year of existence, is requesting level funding from the Town of Charlestown in the amount of \$1,500.00 in financial support for continued program development. Hospice services help serve the needs of the terminally and seriously ill throughout Sullivan County in cooperation with other agencies and health care professionals. Our services compliment rather than duplicate ongoing services already established, such as Visiting Nurses Association. Our case load has increased gradually as has our pool of trained volunteers. This request continues to be based on the population and number of deaths in Sullivan County.

Sullivan County Hospice, Inc. is a non-profit agency that has established a program to educate and coordinate volunteers who offer support services to the terminally ill and their families, at no charge. These services include helping the family with some homemaking chores, respite care, as well as grief and bereavement counseling. Our services are available to the patient who is dying at home or in a more acute care setting such as a hospital or nursing home.

Feel free to contact any one of our Board of Directors for further information. The Board is made up of professional and concerned citizens who have experienced the process of watching a loved one die with only limited help available.

Chairman
